

OUR DOCTORS

**Mr Matthew Brown**  
**MBBS, PhD, FRACS**  
*Urologist*

Matt Brown assists patients with all manner of Urological problems, but has a subspecialty interest in robotics, prostate cancer, and Academic surgery. Matt is a graduate of the University of Western Australia, where he completed his medical degree and a PhD in Surgery. In addition to his training in Urology, Matt has undertaken an internationally competitive fellowship in robotics, and worked as a consultant Urologist/Robotic Surgeon at the world famous Guy's Hospital in London.

Matt returned to Perth in 2015, and took up a substantive appointment at Fiona Stanley Hospital.

His private practice at Perth Urology Clinic visits Albany each month and consults at the Great Southern Specialist Centre and have a monthly surgical list at Albany Day Hospital.

Aside from looking after his own patients, Matt has a passion for teaching robotic surgery, and frequently flies interstate to mentor other surgeons. When at home, Matt enjoys spending time with his young family and trying to stay upright on his paddleboard.

Mr Bown's special interests are:

- **General adult urology**
- **Laparoscopy**
- **Robotic surgery**
- **(Comprehensive) laser stone surgery**
- **Uro-oncology**
- **Endourology**
- **Academic surgery**
